

We are undertaking a study to learn more about women's experiences of kidney disease, decisions about having children and their experiences of pregnancy and having children.

pregnancy choices with kidney disease

Findings will help us develop new shared decision making tools to help better support women with the sometimes complicated and emotional decisions they may need to make about having children.

To hear more about this study, check if you are eligible to **take part and share your views you can get in touch** via any of the contact details below. You can also go directly to the **online survey via the link below or scan the QR code**. We look forward to hearing from you.
